This annual Awards Dinner is regularly attended by foreign Ambassadors and embassy representatives, Members of Congress, US Government officials, representatives of the international business community, and Washingtonians committed to international education.

The Diplomatic Chair, **Ambassador Gérard Araud of France** will host a special Tribute Dinner at his Embassy Residence for our major sponsors and special guests in early 2019. The Tribute Dinner celebrates the special relationship between the United States and France. ISH-DC has played an exceptional role in supporting this partnership. Since our founding, ISH-DC has welcomed hundreds of resident scholars from France to the House.

Senator Susan Collins

Founded in 1936, ISH-DC offers an unparalleled residential experience to a diverse community of graduate students, academics and post-graduate interns. Over 15,000 international scholars representing over 140 countries, including the United States, have passed through our doors since our founding. Residents are offered special activities throughout the year that instill a spirit of cooperation while building a solid understanding of US culture, government and business. It is in this spirit that ISH-DC encourages our Resident Scholars to participate in outreach and volunteer activities. Through our in-depth programs and focus on cross-cultural dialogue, ISH-DC strives to be a model international community and represents "smart diplomacy" at its best.
